

Logging into ABM *University*

1. Open your browser and navigate to <https://abmlearning.com>. SSO users can click on the **Single Sign-On** button. Non SSO users; see below
2. Click on the orange **Login without SSO** tile
3. Enter your **USERNAME** into the “Username” field (see section on right to help you find what this is)
4. Type your **PASSWORD** into the “Password” field and click on **LOGIN**
 - For your first time logging in, your temporary password will be: **return-brilliant-wiry-snap-reverb**. You will then be asked to change your password to one of your choosing.
 - If you have previously logged in to ABMU but cannot remember your password, you may use the **Password Reset** link to reset your password.
 - If you still need assistance logging in, you can click on the **Contact Support** link to submit a ServiceNow support ticket.

Username for Non-SSO Team Members
